NCOMS

NCOMS

North Carolina Oncology
Management Society

Promoting The Highest Standard of Cancer Care

Who We Are “Our MISSION”

NCOMS strives to improve the delivery of cancer care services in North Carolina by bringing together oncology professionals from across the state.

NCOMS is a non-profit, board-operated corporation consisting of oncology practice administrators and professionals from North Carolina. For over 20 years, we have worked together to improve the delivery of cancer care by bringing together oncology professionals from across the state.

Our members come from private practice, hospital-owned/based practices, and nationally owned corporate practices. By joining individual practice voices together, NCOMS gains strength as it seeks to improve the delivery of cancer care services.

NCOMS has four events annually where thoughtfully selected, industry qualified presenters share their expertise on a variety of topics relevant to your daily practice. Topics include payer related information, legislative updates, staffing and human resources, coding and billing, clinical updates, and much more. As a paid member, you can also bring or send your staff (at no additional fee) to each of the workshops. We also include motivational speakers who renew and recharge your passion for what you do every day.

Benefits of Membership

- Access to a vast network of passionate oncology professionals from across North Carolina offering an opportunity to network and collaborate on various topics
- Ability to attend 2 conferences annually
- Ability to attend 2 workshops annually
 - *Office staff may attend workshops at no additional cost (unlimited number)*
- CME's are offered at most conferences and workshops (e.g., AAPC, ASRT, Nursing)
- Scholarship Program for members and staff
- Stay informed about legislative actions at the state and national level that may impact your practice
- Learn about important coding updates as they become available

NCOMS Scholarship Program

The purpose of the scholarship program is to assist employees, in practices affiliated with NCOMS, in becoming caregivers, professionals and leaders in cancer related fields or occupations. NCOMS Scholarship distributions range from \$50 - \$1,000 per recipient, up to \$12,000 annually. Scholarships are available to those pursuing a Certification or Specialty credentials, an Associate, Bachelor or Master's degree in a field that could benefit or promote quality cancer care. NCOMS is excited to offer this financial assistance to our members and employees within their practices! For complete details please visit our website for specific qualification criteria, important dates and full details.

NCOMS Patient Advocacy

NCOMS seeks to provide members with current information about patient advocacy issues, impacting oncology patients and having the potential to affect the professional or business interests of oncology. Additional information, links and tools are available on our website for assistance in identifying financial assistance programs. To access these tools, visit www.ncoms.org and click on Patient Advocacy.
